M.P. Finamore

Cheque enclosed for the above sum.

A little less this year due to the collection being brought forward one month to coincide with the repair of a leather valve at the bottom of the pump.

In addition to the above I have restored the two signs pointing a hand towards the well and as usual removed the weeds on the roadside around the well and on the righthand side of Schorne Lane leading towards the well.

Paul Gillett regularly ~~maintain~~ maintains cleanliness of the well trough ensuring animals and birds can get their drink and the Devil can arise from his boot!
