Around the Schorne Team

Waddesdon - St Michael's Conservation and Development project

Waddesdon is delighted to announce that a grant has been awarded by The Heritage Lottery Fund to replace the drainage and replace about half the floor with stone flags and under floor heating. Work is starting this month and the plan is to be back in the building for Christmas services. Fundraising continues for the remainder of the floor.

A key element of the application was the Activity Plan, including the survey. Thank you again to all those who completed the survey and to those who have offered help. A great response really made a difference.
