

## Buckinghamshire and Milton Keynes Environmental Records Centre

### BMERC Environmental Information Search (PUBLIC VERSION)

<b>Our Reference</b>	BM/E01458
<b>Your Reference</b>	North Marston Neighbourhood Plan designated sites
<b>Requested By</b>	Katherine Du Plessis, North Marston Parish Council
<b>Data Users</b>	Katherine du Plessis ; Michael Lane; Ian Mordue; Diana Hobgin Mills
<b>Search Date</b>	17/03/2022 16:03
<b>Expiry Date</b>	17/09/2022 (may be extended on request)
<b>Search Type</b>	Parish Council

#### Important Information

- Use of the data is governed by BMERC's [Terms & Conditions](#).
- Data marked as confidential or sensitive must not be released into the public domain, with the exception of the Public Version of the PDF report, which has had sensitive information removed or restricted.
- You should not amend any part of the downloaded records.
- Unless otherwise agreed, use of the data is valid until the Expiry Date (17/09/2022).
- Past records of presence of a habitat or species do not guarantee continued occurrence; absence of records does not imply absence of a species, merely that no records are held by BMERC; BMERC cannot guarantee the accuracy of supplied data; copyright of records remains with the original recorder.
- The Dataset ID associated with each record can be used to find information about the provenance of the data. See the [BMERC Metadata](#) page for more information.
- Please [contact us](#) if you have any questions about using the data or wish to add further Data Users.

#### Notes

- Records with 1km, 2km, 5km, 10km or 100km grid references (where present) are highlighted with, for example, (1km) next to the distance to indicate that the distance

should not be considered to be exact given the vague nature of the grid reference.

- Records shown in **bold** typeface are sensitive species records, and some details have been restricted in this public version of the report.

## Species Categories

- **All Non-Notable Species:** Any species not included under Notable Species
- **Notable Species:** Species with European and/or UK Legal Protection, Section 41 [NERC] Species or UK BAP Priority Species
- **Invasive Non-native Species:** Records of species that are known to be invasive non-natives, these are species that have potential impact and control issues.

## Abbreviations

**BAP** - UK Biodiversity Action Plan Priority Species, **BDir1** - EU Birds Directive Annex 1 - Birds which are the subject of special conservation measures, **BDir2.1** - EU Birds Directive Annex 2.1 - Birds which may potentially be hunted, **BDir2.2** - EU Birds Directive Annex 2.2 - Birds which may potentially be hunted within certain member states, **Bern2** - Bern Convention on the Conservation of European Wildlife and Natural Habitats, Appendix 2 - Strictly protected fauna species, **Bern3** - Bern Convention on the Conservation of European Wildlife and Natural Habitats, Appendix 3 - Protected fauna species, **Bonn2** - Bonn Convention on the Conservation of Migratory Species of Wild Animals, Appendix 2 - Migratory Species to be the subject of agreements, **CHS2** - The Conservation of Habitats and Species Regulations 2010, Schedule 2 - European Protected Species of Animals, **CITES-A** - Convention on International Trade in Endangered Species, Annex A - Species threatened with extinction, **GBNNSIP** - Great Britain Non-native Species Inventory Portal Checklist of Non-native Species, **HDir2** - Habitats Directive, Annex II - Species requiring designation of Special Areas of Conservation, **HDir4** - Habitats Directive, Annex IV - Species in need of strict protection, **HDir5** - Habitats Directive, Annex V - Species where population management is decided by individual countries, **INNS** - Invasive Non-native Species, **PBA** - Protection of Badgers Act 1992, **RDB-NR** - Red Data Book listing (not based on IUCN guidelines) - Nationally Rare, **RDB-NS** - Red Data Book listing (not based on IUCN guidelines) - Nationally Scarce, **RL-CR** - IUCN Red List of Threatened Species - Critically Endangered, **RL-DD** - IUCN Red List of Threatened Species - Data Deficient, **RL-EN** - IUCN Red List of Threatened Species - Endangered, **RL-NT** - IUCN Red List of Threatened Species - Near Threatened, **RL-PX** - IUCN Red List of Threatened Species - Possibly Extinct, **RL-VU** - IUCN Red List of Threatened Species - Vulnerable, **S41** - Natural Environment and Rural Communities Act 2006 (Section 41), **UKBA** - RSPB/BTO Birds of Conservation Concern - Amber list (not based on IUCN criteria), **UKBR** - RSPB/BTO Birds of Conservation Concern - Red list (not based on IUCN criteria), **WCA1.1** - Wildlife & Countryside Act 1981 Schedule 1.1 - Birds which are protected at all times, **WCA5** - Wildlife & Countryside Act 1981 Schedule 5 - Animals which are protected, **WCA8** - Wildlife & Countryside Act 1981 Schedule 8 - Plants which are protected, **WCA9** - Wildlife & Countryside Act 1981 Schedule 9 - Animals and Plants which are established in the wild

## Data Description

<b>Distance</b>	Indicates the distance, in metres, between the grid reference of the record (using the central point of the grid square) and the search location. For any Sensitive Species Records, this should not be released into the Public Domain.
<b>Species Name</b>	Name of the taxon (usually identified to species level) using the binomial system.
<b>Grid Reference</b>	Full grid reference based on the Ordnance Survey grid system. For any Sensitive Species Records, this cannot be released into the Public Domain.
<b>Date</b>	Date on which the record was made. In some cases this might be a date range, or a vague date such as 'Summer 2010'.
<b>Abundance</b>	Number of individuals recorded. Where not specified it is assumed that at least one was present.
<b>Record Type</b>	A description of the type of record.
<b>Site Name</b>	The site name (if one has been supplied). For any Sensitive Species Records, this cannot be released into the Public Domain.
<b>Notes</b>	Any additional notes about the sighting. For any Sensitive Species Records, this cannot be released into the Public Domain.
<b>Dataset ID</b>	ID of this dataset. See 'Important Issues' for more details.
<b>Lists</b>	Any local, national or international conservation statuses or legal protection which apply to this species and whether it is included in any Local Biodiversity Action Plans. See 'Abbreviations' for more details.

## Dataset Information

The records in these results are drawn from the following datasets. Use the Dataset ID next to each record to find its dataset.

Dataset ID	Title
D0002/001/06	Buckinghamshire & Milton Keynes Environmental Records Centre Records
D0003/001/04	Buckinghamshire Bird Club Records
D0004/001/04	Butterfly Conservation Records
D0006/001/06	Records from Professional Ecological Consultants
D0007/001/05	Records from County Recorders
D0008/001/04	Records from County Recording Groups / Natural History Societies
D0009/001/03	Records from County Surveys
D0010/001/04	Records from Local Authorities
D0012/001/04	Records from National Schemes
D0015/001/06	Records from Volunteer Recorders
D0017/001/04	Records from iRecord

<b>Biological Notification Sites within site</b>	Small Pond near Stonehill (72Q01) (0m), Pond near Manor Farm, North Marston (72Q02) (0m)

<b>Local Wildlife Sites</b>					
<b>Site Code</b>	<b>Site Name</b>	<b>Rationale</b>	<b>Broad Habitat Type</b>	<b>Priority Habitats</b>	<b>Key Features</b>
72L01	Stonehill Lane	Species-rich hedges line rich grassland areas.	Green Lane (LF273)	None	Rich hedgerows. Part of roman road.
72X01	Wet Stocks Meadow	A beautiful secluded hay meadow rich in wild flowers.	Neutral Grassland (GN0)	Lowland Meadows (GN1)	Pond

<b>Biological Notification Sites</b>			
<b>Site Code</b>	<b>Site Name</b>	<b>Broad Habitat</b>	<b>Description</b>
72Q01	Small Pond near Stonehill	Small Pond	Small pond with dirty water. Species recorded include the county uncommon plant lesser spearwort <i>Ranunculus flammula</i> (1985).
72Q02	Pond near Manor Farm, North Marston	Small Lake	Small lake or large ponds in field connected by a very narrow ditch. Surrounding fields pasture. Overhung by many willows, particularly the southern part, whilst the northern bank includes more hawthorn. Northern part has more aquatic plants (1985).

Priority Habitats				
Habitat	Distance	Area	Coverage	At Point
Traditional Orchard	0m	0.353	0.044%	No
Lowland meadows	0m	0.006	0.001%	No

B-Lines				
<i>The B-Lines are a series of 'insect pathways' running through our countryside and towns, along which Buglife are restoring and creating a series of wildflower-rich habitat stepping stones. They link existing wildlife areas together, creating a network, like a railway, that will weave across the British landscape. This will provide large areas of brand new habitat benefiting bees and butterflies– but also a host of other wildlife.</i>				
Habitat	Distance	Area	Coverage	At Point
B-Lines	0m	683.622	85.453%	Yes
